Reports prepared annually for the organization's stakeholders

- **Exhibit OO2.a 2024 Health System Board Annual Strategy and Quality Report**
- **Exhibit OO2.b FY23 Nursing Professional Governance Organization Annual Report**

Quality Plans and Patient Safety Plan

As part of a public university, UVA Health is overseen by a committee of the University of Virginia Board of Visitors appointed by the Governor of Virginia, called the Health System Board (HSB), and its subsidiary, the HSB Quality Subcommittee. This Subcommittee is charged with reviewing, making recommendations and providing strategic oversight for the Medical Center's quality and performance improvement clinical activities, including patient safety, the adequacy and quality of professional services, the environment of care, and patient satisfaction with clinical care. The CNO and Associate CNO are among the UVA Health leaders who serve as resources to and attend meetings of the Subcommittee.

See the UVA Health integrated organizational Quality and Patient Safety Plan:

- **Exhibit OO2.c FY22-24 Quality and Patient Safety Plan**

See orange highlights within the exhibit, indicating nursing participation in organizational committees and processes. Nurses who serve as leaders and members in these committees also serve as liaisons to NPGO Committees and related nursing and interprofessional initiatives. This plan describes the methods used for quality and performance improvement efforts within nursing practice environments and throughout the organization.

Strategic Plans for the Organization and Nursing Services

- **Exhibit OO2.d The 2022-2032 UVA Health Strategic Plan**
- **Exhibit OO2.e 2023 Nursing Strategic Plan**

The Nursing Strategic Plan maintains a firm focus both on contributing appropriately to overarching UVA Health goals and on achieving excellent nurse-sensitive outcomes, utilizing both the formal operational nursing infrastructure and nursing professional governance structures to accomplish the plan.
